

350 W Three Phase External Electronic Control CH 350 AA

Product dimensions		Width	Depth	Height	Weight	
PCB assembly only	mm	130	105	40	g	335
	inches	5.12	4.13	1.57	oz	11.82
Enclosure	mm	140	115	50	g	325
	inches	5.51	4.53	1.97	oz	11.46

Features:

Proprietary 3-phase control technique
Torque ripple compensation control
Over-current protection
Locked rotor protection
Electronic motor thermal protection
Soft start and soft stop function
Serial communication control
Approval: 230V - CE 277V - ETL

Specifications:

Input power (max) 350 W
Input voltage 230 V / 277 V \pm 10%
Supply frequency 50/60 Hz
Temperature range -10 to +40°C
(+14 to +104°F)
Protection IP00 / IP20
Outputs Tacho, serial communication
Inputs 0 - 10 V / PWM / serial communication
